APPLIANCE PURCHASE TIPS

- ENERGY STAR qualified appliances use 10% to 50% less energy than other appliances.
- Go to <http://www.energystar.gov/> for a list of qualifying appliances.

**Appliances must be new and ENERGY STAR qualified to be eligible for rebate(s).
The rebate will not exceed 70% of the cost.**

Upon signing this agreement, the customer acknowledges the following:

Rebate offer(s) may be changed or discontinued at any time by Modern Electric Water Company (MODERN). MODERN disclaims any warranty, whether expressed or implied, regarding the product(s) listed above for any materials or labor associated with installation, maintenance, repair, or any energy savings associated with use. Rebate offer(s) apply to new product(s) only. MODERN reserves the right to inspect installed product(s). Product(s) must meet all program criteria to qualify for rebate(s).

I understand the above and certify that I am a customer of MODERN, that the product(s) are installed and operating at the location indicated and that this address is within the MODERN service territory.

SIGNATURE _____ **DATE** _____

Mail or fax completed application, copy of the ENERGY STAR® label(s), and legible copy of purchase receipt(s) showing model number, purchase date and cost to:

<p>Modern Electric Water Company Attn: Energy Efficiency Rebates 5625 NE Elam Young Parkway #100 Hillsboro, OR 97124 FAX: 503-344-6942 Rebates@esgroupllc.com</p>
--

Rebate Applications are due within six (6) months of purchase to qualify. Allow 8 to 10 weeks for rebate processing after the receipt of all required documentation.

Call 888-883-9879 to learn about additional energy efficiency programs.

Participation in this energy efficiency program allows Modern Electric Water Company to use your electrical energy consumption history for energy savings research. Your consumption history may be shared anonymously with Bonneville Power Administration for energy savings verification and research.

Commercial ENERGY STAR® Qualified Food Service Equipment Steps to Participation

1. DEMAND CONTROLLED KITCHEN VENTILATION:

Pre-Conditions:

New construction & retrofits qualify for this measure.

- Existing applications, the ventilation system has a constant-speed exhaust fan.
- New construction applications, there are no preconditions.

Post-Conditions:

- Controls the primary ventilation & make-up air units in the zone.
- Utilizes one or more control sensors to modify the fan speeds.
- One control sensor per fan horsepower.
- Multiple control sensors per fan horsepower.

2. ELECTRIC COMMERCIAL STEAM COOKERS

New construction & retrofits qualify for this measure.

- Installed equipment must be a minimum ENERGY STAR® v1.2 qualified.

3. HOT FOOD HOLDING CABINETS

New construction & retrofits qualify for this measure.

- Installed equipment must be a minimum ENERGY STAR® v2.0 qualified.
- Half Size <13 cu ft
- Full Size ≥13 and <28 cu ft
- Double Size ≥28 cu ft

4. ELECTRIC COMBINATION OVENS

New construction & retrofits qualify for this measure.

- Installed equipment must be a minimum ENERGY STAR® v2.2 qualified.
- Electric combination Oven 5 - 15 pan oven and/or 16 - 20 pan oven.

5. ELECTRIC CONVECTION OVENS

New construction & retrofits qualify for this measure.

- Installed equipment must be a minimum ENERGY STAR® v2.2 qualified.
- Half Size 18" x 13" x 1" pan size
- Full Size 18" x 26" x 1" pan size

6. COMMERCIAL ELECTRIC FRYERS

New construction & retrofits qualify for this measure.

- Installed equipment must be a minimum ENERGY STAR® v3.0 qualified.
- This measure is available for large-vat-size electric fryers only.

DOCUMENTATION REQUIREMENTS:

- The attached rebate application completely filled out & signed.
- Final invoice with equipment order/purchase date & installed cost.
- A copy of the ENERGY STAR® product list or ENERGY STAR® product packaging that shows the ENERGY STAR® logo (if applicable).
- You can expect to receive our rebate 8 to 10 weeks after the receipt of all required completed documentation.

All work must meet Bonneville Power Administration (BPA) and Modern Electric Water Company program and installation requirements.
